2018 - 2022

LANGUAGES

Polish - Native

English - B2

HOBBY / INTEREST

Travel | Gaming | Web Design | Technology

Astronomy | Photography | Football

I am a front-end developer with almost one year of non-commercial experience. I love creating websites/web applications. I am ambitious, persistent, and self-taught. I like challenges, I quickly adapt to new technologies and I pay attention to the small details. I learn every day to deepen my knowledge.

PROJECTS

Portfolio source / preview
Stack: JavaScript, TypeScript, React.js, Next.js, Sanity CMS
My portfolio page. A responsive website without the use of any CSS framework with Sanity CMS and server-side rendering by Next.js.

Apple E-Commerce Store source / preview
Stack: JavaScript, TypeScript, React.js, SASS, Strapi CMS, Stripe
Modern Apple store created with React, TypeScript, Stripe payments, and Strapi backend for data stored. Styling with SASS.

Tastebite Recipes App source / preview
Stack: JavaScript, TypeScript, React.js, Tailwind, Firebase
React app with the ability to create accounts and manage own recipes (CRUD). Auth and database by Google Firebase. Data fetching, form validation, and sanitization.

Hangman source / preview
Stack: JavaScript, TypeScript, React.js, styled-components
The game where you have to guess all the letters in a word. Created with React and TypeScript.

Memory Master source / preview
Stack: JavaScript, TypeScript, SASS
The game where you have to match all images to win. Created with TypeScript and DOM manipulation.
