Szymon Dudka

Junior Front End Developer

I love creating websites / web applications. I am ambitious and persistent in what I do, I like challenges. I learn every day to deep my knowledge, acquire new experiences, discover new solutions and be better and better in this field. I am self-taught, I quickly adapt to new technologies, I pay attention to the smallest details.

Hobby/Interest

Travel | Gaming | Web Design | Technology
Astronomy | Photography | Football

Education

2018-10 - 2022-06

Applied Computer Science, Engineer

PWSZ (Akademia Nauk Stosowanych), Nowy Sącz

Projects

Portfolio

https://github.com/szymooneq/Personal-Portfolio

Technologies: JavaScript, React, Next.js, Sanity CMS
My own portfolio page. Responsive website without the use of any CSS framework with Sanity CMS and server-side rendering by Next.js framework.

Tastebite Recipes App

https://github.com/szymooneq/Tastebite-Recipes-App

Technologies: JavaScript, React, Tailwind, Firebase
React app with the ability to create account manage own recipes (CRUD). Auth and database by Google Firebase. Data fetching, form validation and sanitization.

Hangman

https://github.com/szymooneq/Hangman

Technologies: JavaScript, TypeScript, React (on Vite), styled-components
Game where you have to guess all the letters in a word. Created with React and TypeScript.

Memory Master

https://github.com/szymooneq/Memory-Master

Technologies: JavaScript
Game where you have to match all images to win. Created with vanilla JS, DOM manipulation.

Stack

JavaScript | TypeScript | React.js | Next.js | npm

Redux | React Router | React Query | Formik | REST API

HTML | CSS | RWD | SASS

Tailwind | Bootstrap | styled-components

MySQL | Firebase | Sanity
